**6. Other Potential Plan Submittals Required For A Project?**

- Contact your local municipality for individual submittal requirements for all of the following:
  - Petition for Variance
  - Plumbing Systems
  - There is no required state Electrical review

• **NOTE: Department of Health Services enforces building code requirements**, including plan review, for **hospitals and nursing homes**. Daycare facilities must meet building codes prior to their licensing.

**7. Required Signatures**

**a) Supervising Professionals:** If building will be 50,000 cubic feet or greater (SPS 361.40) I have been retained by the owner as the supervising professional per SPS 361.40 for the performance of the supervision of reasonable on-the-site observations to determine if the construction is in substantial compliance with the approved plans and specifications. Upon completion of construction, I will file a written statement with the department and municipality certifying that, to the best of my knowledge and belief, construction has or has not been performed in substantial compliance with the approved plans and specifications. In the event that I am no longer associated with this project I will file a compliance statement (State of Wisconsin SBD-9720) notifying the Municipality as such and indicating the current status of compliance.

**c) Optional Service - Permission to Start Early Requested** – (Be sure to check box under Building Submittal Type on front page)

As the owner, I request to begin footing and foundation work PRIOR to plan review approval. I agree to make any changes required after plans have been reviewed, and to remove or replace any non-code complying construction. I will not permit construction above the foundation until approved plans are at the site.

**8. Statements of Owners and Designer**

a) OWNERS Statement: The owner indicated on page one requests that plans be reviewed for compliance with the code requirements set forth in SPS 360 to 366 of the department. The owner recognizes responsibility for compliance with all the code requirements and any conditions of approval. If a building is 50,000 cubic feet in total volume or greater, plans are required to be prepared, signed, sealed and dated by a Wisconsin registered engineer or architect [SPS 361.31]. Signatures and seals affixed to the plans shall be original.

b) DESIGNERS Statement (SPS 361.20, 361.31(1), and 361.40): The designer indicated on page one of this form is responsible for preparing or supervising the preparation of the plans to the best of his/her knowledge to comply with the applicable codes of the Industry Services Division for this submittal. If a building, following construction of this project, contains more than 50,000 cubic feet in volume, plans are required to be prepared, signed, sealed and dated by a Wisconsin-registered engineer, architect, or designer [SPS 361.31(1)]. Signatures and seals affixed to the plans shall be original.

## CERTIFICATE OF SUPERVISION

Premise address \_\_\_\_\_

I hereby certify that I am a Registered Architect, Registered Professional Engineer, or Designer of Engineering Systems, in accordance with Chapter 443 of the current Wisconsin Statutes.

I further certify that I have been retained as the supervising professional for the performance of the supervision of reasonable on-the-site observations to determine if the construction is in substantial compliance with the approved plans and specifications as required by Section SPS 361.40 of the Wisconsin Administrative Code. Upon completion of construction, I will file a Certificate of Compliance with the municipality certifying that, to the best of my knowledge and belief, construction has or has not been performed in substantial compliance with the approved plans and specifications. If in the event that I am no longer associated with this project I will file a Certificate of Compliance notifying the municipality as such and indicating the current status of compliance.

This certificate is for supervision of:
